

Industrial Grade SD Cards

Reliable, high performance SD Card solutions that support a wide range of SD application devices.

Digistor's Industrial SD Cards are an ideal video storage Solution for SD applications that deliver a cost-effective combination of performance and reliability. Digistor SD Cards are designed from the ground up to deliver consistent video throughput and are durable for long term usage.

Durable Performance	Each Digistor SD Card has been thoroughly tested at the factory to deliver reliable performance over the long haul.
Auto-Read Refresh	Digistor's firmware automatically prevents the accumulation of uncontrollable errors in read data intensive applications such as GPS.
Wide Temperature Ranges	Extended: -25°C ~ 85°C Extreme: -40°C ~ 85°C
Data Loss Prevention	Built right into the Digistor firmware, the proprietary Data Clone System (DCS) is a function which minimizes the chance of data lost in the event of sudden power loss.
Embedded Mode	Specially designed for Linux or customized OS use, Embedded Mode keeps the usage of blocks even throughout the card's life cycle.
Electrostatic Resistance	Clears electrostatic discharge immunity tests.
X-Ray Resistance	Data is protected from X-rays.
Magnetic Resistance	Minimal damage from magnetic forces.
Impact Resistance	High endurance against bending and twisting.

Automotive

Flawless playback for Navigation Systems, in-car entertainment video playback as well as EV Battery Systems and diagnostic recorders.

Body-worn camera video system for law enforcement

Enabling law enforcement agencies to capture, store, manage, and retrieve video evidence.

Mobile video surveillance solutions for transportation

Enabling in-car video applications for First Responders, Bus Fleets and law enforcement to manage and retrieve video footage.

Medical Technology Solutions

Providing SD storage solutions for medical device manufacturer.

Not all SD Cards are created equal! **Contact Digistor today for a Free Lifetime Simulation Analysis** that shows how Digistor SD solutions will perform versus your existing solutions at **(800) 816-1886** or **sales@digistor.com**
